Living in a place like Colorado I am blessed to have a common vacation destination as my backyard~ It is an even greater place to do what I love! I moved to Colorado back in 1998 to pursue a career in Marketing.

Spending years assisting brokers in building their businesses I realized I had a passion in helping others in their buying and home selling journey and made the transition strictly from the marketing end to becoming an agent. I've never looked back! It has been a wild ride but through the years I've had the pleasure of helping others realize their dreams in home ownership and those selling a home.

I am proud to call Northern Colorado home and love the small town feel of Windsor, CO. I have lived and worked in this area since 2001 and have a knowledge of the area and the great growth it has experienced over the last 18 years. I opened my own brokerage in January of 2019 so we are here to stay in NOCO!

I also have had the pleasure of assisting those with real estate needs as far west as Vail and as far a south as Douglas County and everything in between! Working with the needs of Luxury Real estate Clients to first time home buyers purchasing their first condo, I have had the ability to work with a multitude of many different markets and price points through the years.

If you are a first time home-buyer, seasoned in purchasing or getting ready to sell I would love the opportunity to come along side you through the process!
Whatever your real estate needs lets get together and talk about the possibilities.
